## PANSY M'GILL'S STORY

Suffering from a battered and bruised head and face, a woman who registered at a prominent Main street hotel, two weeks ago as "Mrs. Juanita Lewers," but who has been identified by Chief Hulet Smith's men, as being Pansy McGill, who operated an alleged house not considered of the upper world, on Gayoso avenue, until the restricted district was closed, was hurried early Friday night to St. Joseph's hospital.

ried early Friday night to St. Joseph's hospital.

She is not considered seriously hurt, and told the police that a bandit wearing a black beard, had attacked her, while she was alone in the hotel room. The woman declared he was endeavoring to steal her diamonds, but was frightened away by her screams after he had battered her with the butt of two pistols that he carried.

However, when the police and detectives established her alleged identity, they ended their pursuit of a bearded bandit, and classified the trouble and assault, as being the work of some man the woman knew, possibly a former friend. When arrested by Patrolmen McClanahan and Worley, the woman said shecame from Centralia, Ili., and wanted to go hack there. Carroll was caught by Police Sergt. W. D. Lee and Agent Wilkes of the department of justice. Both have been operating, it is charged, in Memphis as Red Cross workers, obtaining money under this pretext. Mrs. Knight had \$10.50 in her possession when she was arrested, and claimed that \$2 of it was hers and had not been collected as "Red Cross donations." She was docketed Saturday by the police.

The federal warrant against Carroll was sworn out by W. D. Kyser, United States district attorney, at the instance of W. E. McElveen, special agent in charge of the department of justice here. Police say a special police badge, No. 23, was taken from Carroll when arrested. The couple are said to have victimized a number of prominent business men here.

The seers forecast trouble over mines and mining affairs. Uranus is in a place making for misunderstandings and conflicts between employers and employes.

tice concentration and conservation of energy.

It is a fairly lucky sway for love affairs, if the middle-aged or old are not concerned in them.

While many young will marry, the romantic influence of the stars will not be confined to them, and persons past youth may make foolish alliances.

Entertainments of every sort should be fortunate tonight and theaters should prosper. With an audience of 317 Sunday, the Character Builder Men's Bible class of the Madison Heights Methodist church will have an average for the month of 200 present. Their annual banquet was given Friday night in the hall. The C. B. spring offensive for members will start March 1 and continue for 13 weeks.

Children born on this day may be carcless and happy-go-lucky. These subjects of Pisces often have unusual psychic powers.

# SUNDAY, FEBRUARY 23, 1919. (Copyright, 1919, by the McClure Newspaper Syndicate.)

(Copyright, 1919, by the McCiure Newspaper Syndicate.)

Neptune rules kindly today, according to astrology. The sun is adverse. The stars promise the clearing of clouds that obscure human perception and the apprehension of right and truth. This would sem to presage the gradual settling of the world upheaval.

Ability to see world relations in their larger aspects is supposed to be aided by the planetary direction. The beginning of a period when selfish claims disappear is forecast.

Although storms are foretold which will cause trouble to shipping, a voyage begun under this sway should be lucky. There is a sign this day warning those who write to be careful what they say in letters or public documents, as scandals are foreshadowed.

During this direction of the stars it is unwise to visit persons whose favor is desired, as they are believed to be unusually analytical and critical.

Music is to play a new part in Sunday observances, according to the seers, who foresee popular concerts that will draw immense audiences in towns and cities.

With the advance of spring recrea-

dition that is now developing.

Reformers and welfare workers come under a sway this month that forbids the revelation of unfortunate facts and any publication of social conditions that are unsatisfactory may cause unexpected trouble.

Persons whose birthdate it is may have rather a disturbed year. They may suffer from unkind gossip. Changes will not be satisfactory.

Children born on this day may be enthusiastic and impetuous. These subjects of Pisces should be taught self-control.

PARIS, Feb. 22.-To build and restore

he many Protestant churches which

were in the path of German shells, the French Protestant committee for rehabilitation has been formed with headquarters here. Churches are to be requarters here. Churches are to be level built under a systematic program based on location and accessibility, without respect to their denomination.

American Methodists, through the organization of their church's \$120,000,000 centenary movement, have made a first contribution of \$25,000 to the cause. Other American churches of practically all denominations are expected to do likewise. The delegation from the Methodist Episcopal church now in Europe which is headed by Dr. Frank M. North, is making a close study of present conditions as well as inquiring into reasons for events of the past.

A story has been going the rounds here, brought by several American missionaries from fields in the near East, that the Germans had some very definite "strictly efficient" reasons for damaging churches as they did during the war. It is explained that the kalser had represented himself to Mohammedans as "a follower of Mohammed posing as a Christian" and that, through agents, he had promised the Mohammedans he would "wipe Christianity from the face of the earth" if he could get the proper aid through a "holy war."

Thousands of photographs of ruined built under a systematic program based
